01

The brand.

La marque.

Who we are, why we exist, where we are going — and how we sound when we speak.

01.1 — LE NOM

The name.

beyna /ˈbaj.na/ — Algerian Darija, adjective

Clear. Obvious. Evident. When something cannot be denied, in Oran we don't make a speech — we say one word: **باينة**.

IN REAL LIFE · DANS LA VRAIE VIE

— Elle va marcher, cette campagne ?
— **باينة !** (Évidemment.)

We chose a word from the street, not from a dictionary — because a brand should speak the language of the people it serves. Our name is our promise: **after Beyna, your value is obvious.**

Clair · Évident · Visible · Prouvé · واضح

01.2 — NOTRE HISTOIRE

Our story.

Beyna was born in Oran from a simple observation: **Algeria is full of great products and talented entrepreneurs — but too many of them stay invisible.**

Messages are unclear. Visuals change from one post to the next. Marketing budgets are spent without anyone knowing what they bring back. Good businesses lose to louder ones.

We created Beyna to close that gap: one agency that brings together **strategy, design and data**, so that every brand we work with becomes obvious — to see, to understand, and to choose.

OUR AMBITION · NOTRE AMBITION

That when people see our clients' work, they say just one word.

باينة.

01.3 — POURQUOI BEYNA

Why we exist.

01

Being good isn’t enough.

It has to be seen. Visibility is the first job of any brand — before it can convince, it must be noticed.

02

Clarity sells.

A clear brand is remembered, trusted and chosen. Confusion is the most expensive mistake in marketing.

03

Marketing must prove itself.

Every dinar invested should show its result. We measure, we report, we improve — every month.

01.4 — MISSION & VISION

Mission & vision.

MISSION · CE QUE NOUS FAISONS

Make every brand we touch clear, consistent and measurable.

Today, every day, for every client — from the corner café to the national brand.

VISION · OÙ NOUS ALLONS

Become the reference creative & marketing agency of western Algeria — known for work that is both beautiful and proven.

And carry Oran's creativity beyond our borders.

01.5 — NOS OBJECTIFS

Our goals.

01 Clarity

Give every client a clear brand platform: positioning, message and identity.

02 Visibility

Grow our clients' audience on social media, on search — and in the street.

03 Proof

Report results every month, in plain language and real numbers.

04 Local excellence

International-level craft for Algerian brands, in their own language.

05 Partnership

Grow with our clients over years, not just deliver one-off projects.

06 Talent

Train and grow a new generation of creatives from Oran.

01.6 — NOS VALEURS

Our values.

Clarity

Clarté · الوضوح

We make complex things simple and visible.

Proof

Preuve · الدليل

Every idea is measured. Results speak.

Boldness

Audace · الجرأة

Bright ideas, confident execution.

Craft

Exigence · الإتقان

High-end detail in everything we ship.

Proximity

Proximité · القرب

We speak our clients' language — French, Darija, Arabic, English.

01.7 — PERSONNALITÉ

Personality.

If Beyna were a person, it would be the friend who tells you the truth about your business — kindly, simply, and with a smile.

Clear

but never ~~cold~~

Bold

but never ~~loud~~

Expert

but never ~~arrogant~~

Local

but never ~~small~~

Warm

but never ~~casual~~

Playful

but never ~~childish~~

01.8 — TON & LANGAGE

Voice & tone.

Say it simply.

Short sentences. Active verbs. One idea per message.

Speak like Oran.

Warm, direct, with a touch of humour.

Prove, don’t promise.

Numbers and examples over adjectives.

Choose the right language.

French for business · Darija for community · Arabic for institutions · English for the signature.

FRANÇAIS

✓ « On rend votre marque évidente. »

× « Nous proposons des solutions marketing innovantes à forte valeur ajoutée. »

DARIJA

✓ « خلي ماركتك باينة »

× Mixing three scripts in one line, or slang that excludes.

ENGLISH

✓ “Make it clear.”

× “Leveraging cross-channel synergies to drive engagement.”

01.9 — NOS CLIENTS & NOS SERVICES

01.10 — SIGNATURE

One promise, three languages.

DARIJA	خليها باينة	Social media, community, street campaigns.

Hashtags: **#باينة · #MakeItClear · #BeynaAgency**

The logo.

Le logo.

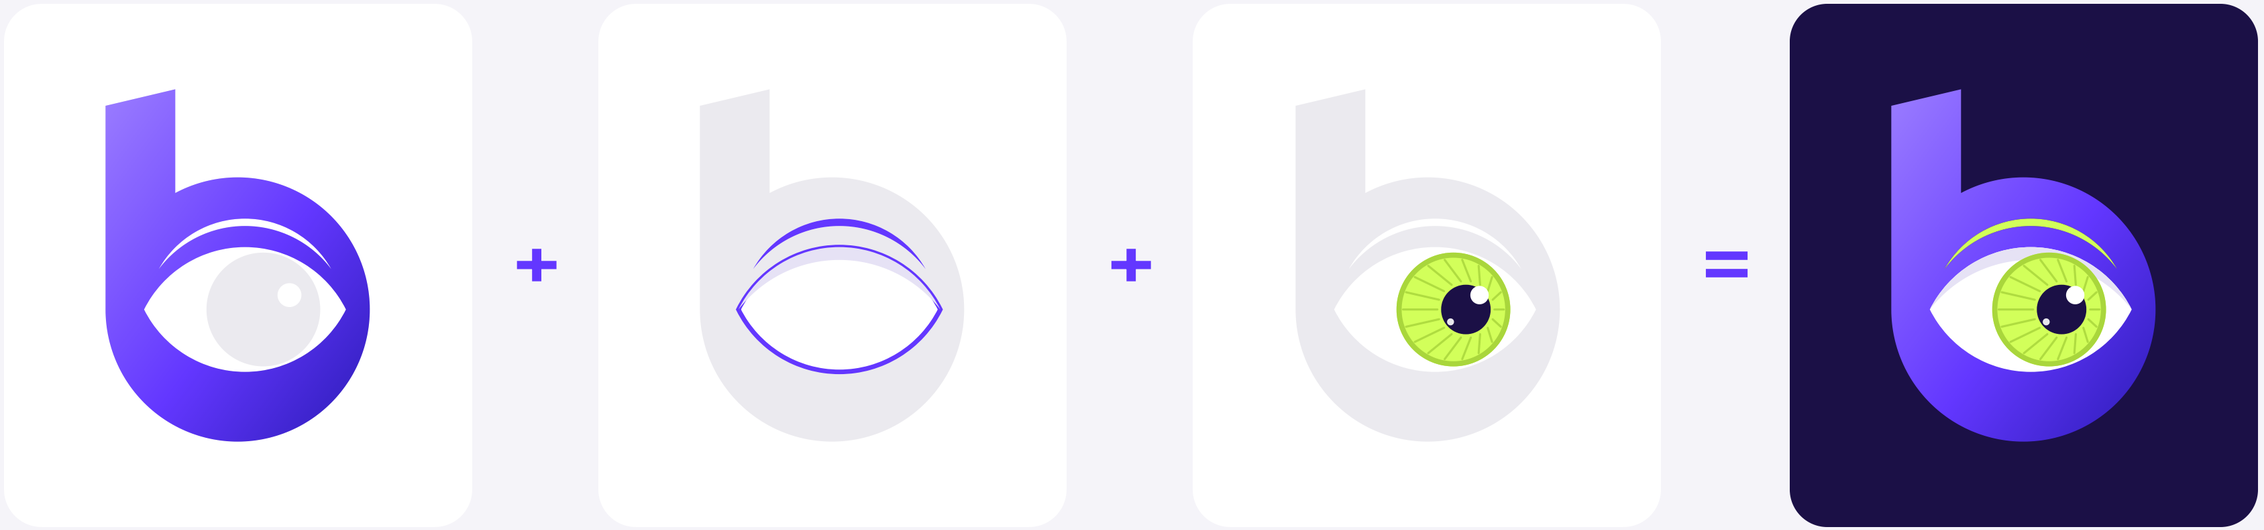

A letter that looks back at you. How it is made, how it is used, and how it must never be used.

02.1 — LE SYMBOLE

The symbol.

A lowercase **b** whose counter is an eye. باينة means clear, obvious — what everyone can see. The symbol says it before a single word is read: **we make brands impossible to miss.**

The letter B

A lowercase b — the first letter of beyna, its stem cut like a qalam stroke.

The eye SEEN

An almond eye under a fine eyelid crease. باينة: it shows, nobody can miss it.

The lime iris INSIGHT

Ringed and detailed, it looks forward — the idea that stands out.

The b BEYNA

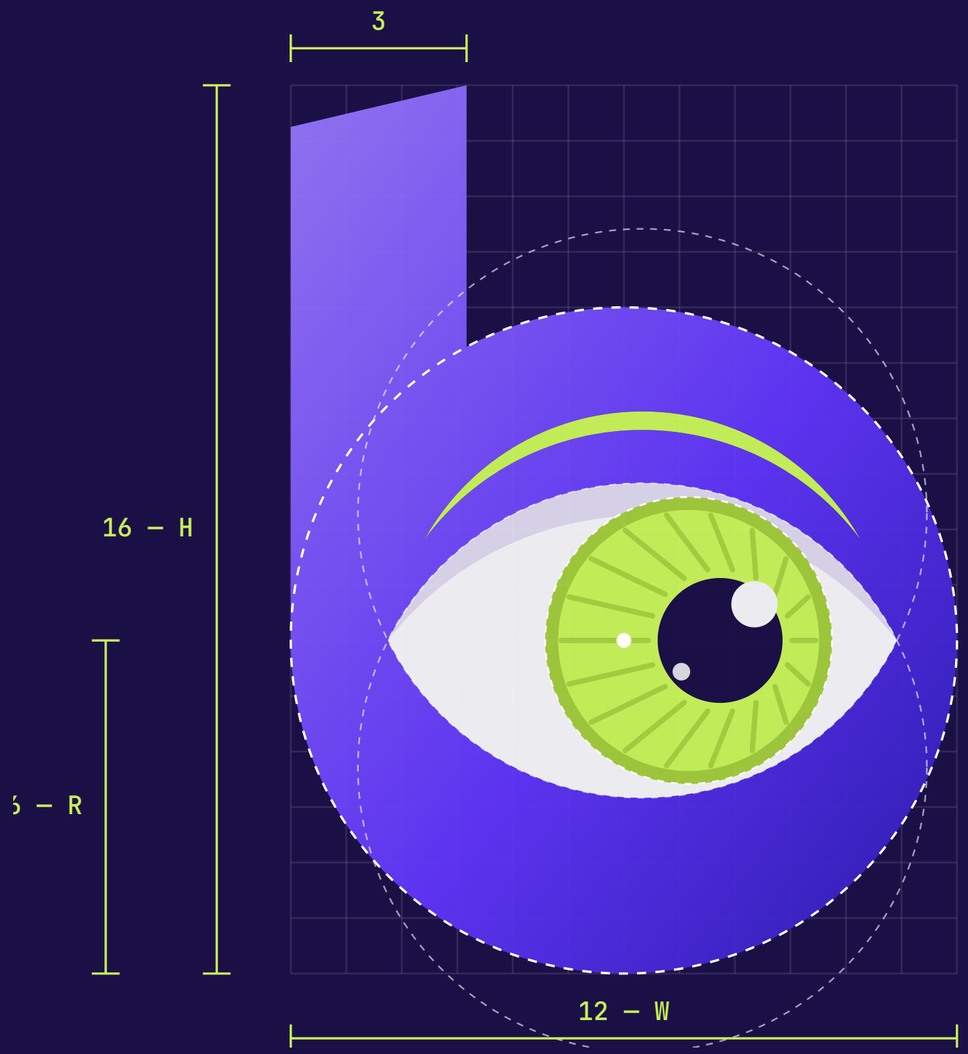

Together: a brand you simply can't not see.

02.2 — CONSTRUCTION

Construction.

Every curve and edge sits on a 12 × 16 modular grid. Always use the master files — never redraw the logo.

STEM	3 modules wide, qalam cut on top
BOWL	Radius 6 — half the width
EYE	Almond 9 × 5⅔ modules, two equal arcs

نص عربي واضح وبسيط. جمل قصيرة وفكرة واحدة في كل رسالة.

BILINGUAL RULES · RÈGLES BILINGUES

Readex Pro for all Arabic text.

Bold 700 for titles, Regular 400 for body. Never fake Arabic with a Latin font.

Right-aligned, right-to-left.

Arabic blocks align right; Latin blocks align left. Never justify Arabic.

One script per line.

Put French and Arabic on separate lines or separate blocks, never mixed in one sentence.

Optical size.

Arabic looks smaller than Latin at the same size: set it about 10–15 % larger.

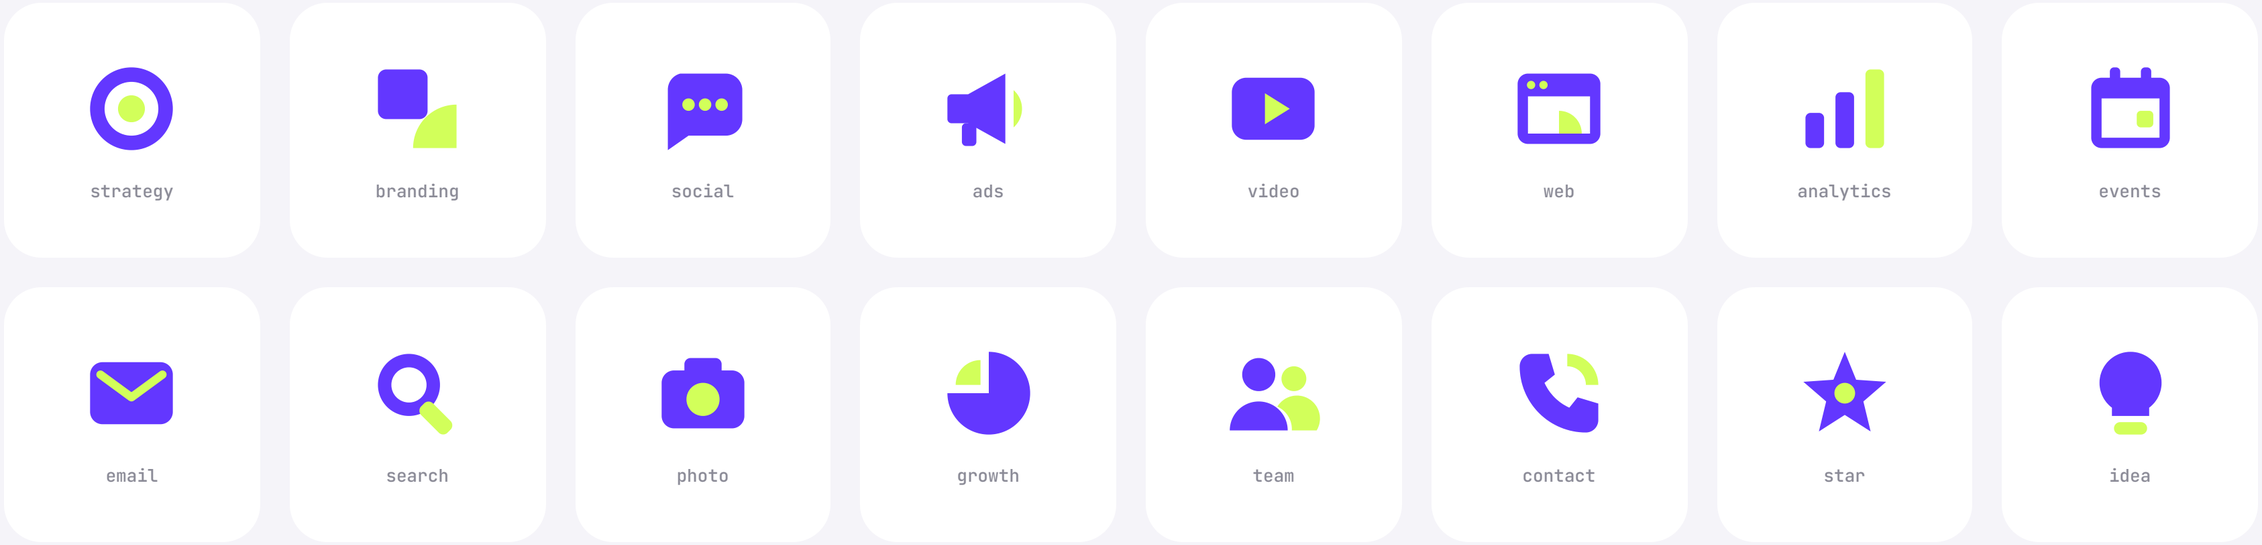

Numbers.

Use Western digits (0–9) in both languages for consistency.

03.5 — ICONOGRAPHIE

Iconography.

Solid, geometric icons on a 48-unit grid with 2–4 unit rounding. Each carries one lime accent — the iris again. Supplied as SVG & PNG in five colourways.

03.6 — MOTIFS & ÉLÉMENTS GRAPHIQUES

Patterns & elements.

The iris

A lime dot with its deep-violet pupil marks the single most important thing on a layout.

The pattern

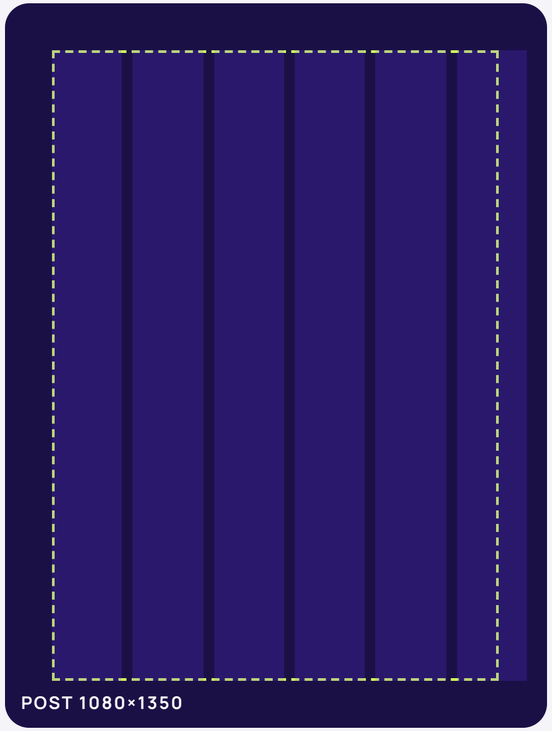

Eyes, circles, halves and dots on a square grid. Seamless tiles supplied.

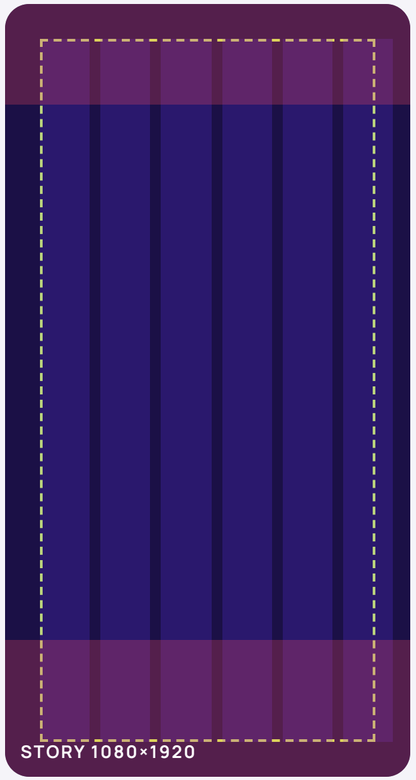

The crop

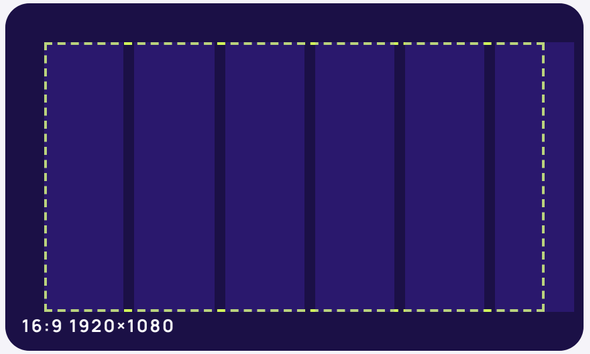

Scale the symbol up and let it bleed off the edge — never shrink it into a corner.

03.7 — GRILLE DE MISE EN PAGE

Layout grid.

Margins

88 px on social (8 %), 120 px on 16:9.

Columns

6 columns, 8 px gutters.

Keep text out of the top 250 px and bottom 340 px (red).

Hierarchy

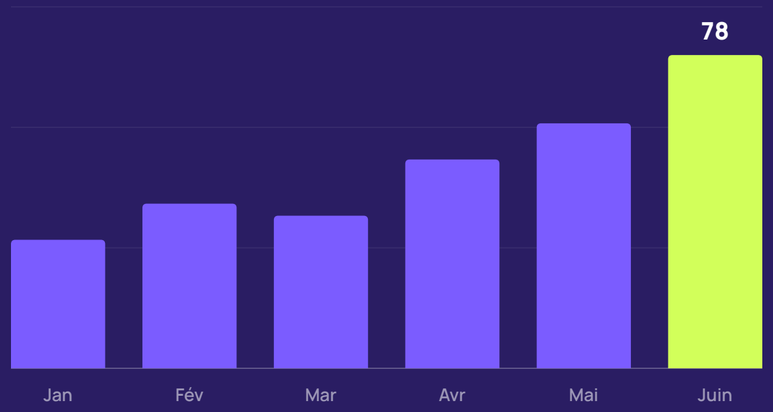

One headline, one message, one call-to-action.

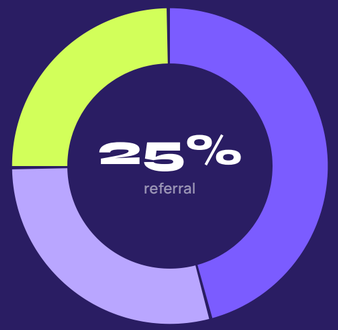

03.8 — GRAPHIQUES & REPORTING

Data & charts.

Reports are part of the brand. Charts sit on Deep Violet, data is Violet, and lime is reserved for the one number that matters. Every series is labelled — colour is never the only key. (Sample data.)

Fast in, calm hold.

Elements arrive in 0.4–0.8 s, then hold. Logos stay on screen ≥ 2 s.

Build, don’t decorate.

Motion reveals information — the eye opens, bars grow, text wipes in.
