01 — L'ESSENCE DE LA MARQUE

Brand essence

bayyina — arabic, noun

Clear proof; evidence that makes the truth plain to see. Also an echo of **بين** *(bayn — between)*: the agency stands between a brand and its audience.

Bayna turns brands into evidence: strategy you can read, creative you can feel, results you can measure.

TAGLINE **Proof, by design.** / La preuve, par le design.

02 — LE SYMBOLE

The symbol

The Bayna mark is a lowercase **b** assembled from the three shapes of a marketing report — a bar, a pie chart and its highlighted slice. It says what we do before a single word is read.

The bar GROWTH

A rising bar — the one result every client wants to see.

The pie AUDIENCE

The market, the data, the whole picture we study first.

The slice INSIGHT

The share we win for you — highlighted in lime.

The b BAYNA

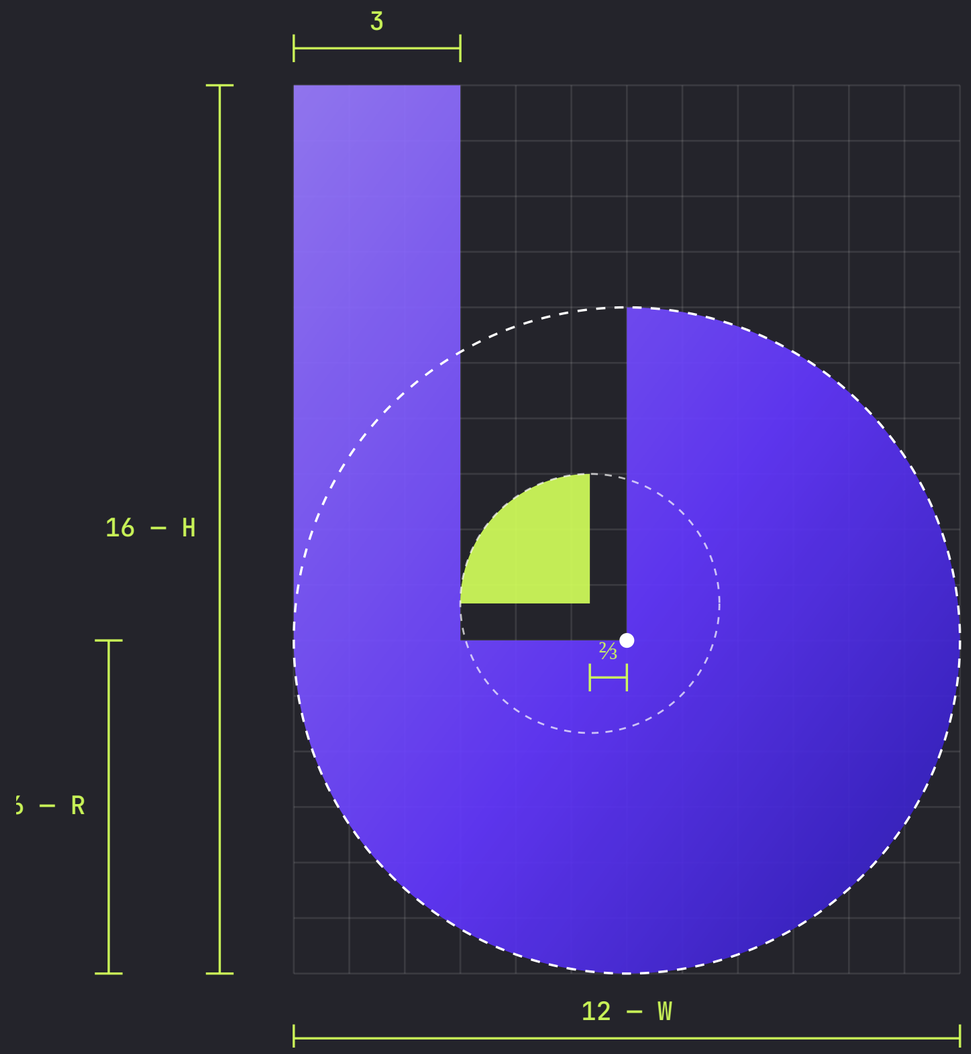

Together they draw a letter built from data.

03 — CONSTRUCTION

Construction

Every curve and edge sits on a 12 × 16 modular grid. Always reproduce the logo from the master files — never redraw it.

GRID	12 × 16 modules (3 : 4)
STEM	3 modules wide
BOWL	Radius 6 — half the width
NOTCH	One quadrant removed
SLICE	Offset ⅔ module, radius 2⅓
WORDMARK	Syne Bold, −1.5 % tracking
BASELINE	Sits on the bowl

11 — ÉLÉMENTS GRAPHIQUES

Graphic elements

The slice

A lime quarter-circle marks the single most important thing on a layout: a number, a CTA, a word.

The pattern

Quarter circles, half circles and dots on a square grid build backgrounds and covers.

The crop

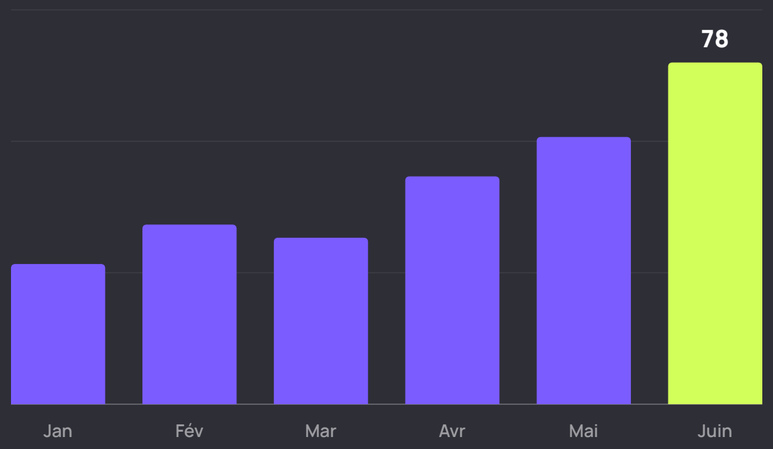

Scale the symbol up and let it bleed off the edge — never shrink it into a corner as decoration.

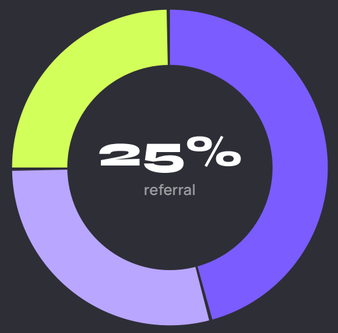

12 — GRAPHIQUES & DATA

Data & charts

Our reports are part of the brand. Charts sit on Ink, data is Violet, and lime is reserved for the one number that matters. Every series is labelled — colour is never the only key.
